TQC Sheen BS 3900 Viscosity Cups

These TQC Sheen Viscosity Cups are laboratory style cups, designed to be according to BS 3900 (1971) old specification, and are suited for measuring the viscosity of paint, lacquers and other fluids. Each cup is made from anodized aluminum with built-in nozzle.

This range of cups is intended to meet the 1971 specification of BS 3900. The later edition of specification BS 3900 (1996) has been superseded by ISO 2431, which we also provide viscosity cups for.

Each cup is supplied with a hard plastic storage case, with soft protective material on the inside.

Ideal for

Purpose: viscosity testing

Laboratory, Production, Food, Beverage, QC, Aerospace, Automotive, Beverage, Construction and Civil Engineering, Cosmetics, Education Food, Industrial, Inks and Coatings, Marine.

Standards

BS 3900 (1971) Old Specification

Features:

- Plastic storage case, with protective soft inside
- Built-in reservoir for overflowing liquids
- Easy to clean
- To be used with TQC Sheen cup stands accessories
- Each cup is provided with a unique engraved serial number
- A production batch factory certificate included
- Unique serial number calibration certificate available on request

Ordering information:

Article number	Product Description	Material	Orifice (mm)	Viscosity range (cSt)*	Flow time (sec)
SH0070	Laboratory type viscosity cup B2, according to BS 3900 (1971) Old Specification	Anodized aluminum	2.38 mm (0.09)	38–71	
SH0127	Laboratory type viscosity cup B3, according to BS 3900 (1971) Old Specification		3.17mm (0.12)	38-147	
SH0165	Laboratory type viscosity cup B4, according to BS 3900 (1971) Old Specification		3.97mm (0.16)	71-455	30–300
SH0201	Laboratory type viscosity cup B5, according to BS 3900 (1971) Old Specification		4.76mm (0.19)	299-781	
SH0230	Laboratory type viscosity cup B6, according to BS 3900 (1971) Old Specification		7.14mm (0.28)	781-1650	

Note: Each cup does not have a stainless steel insert.

*** For information purposes only; all approximate values at 25 °C.**

Optional Items:

Catalog Number	Article Description
CL0030	Calibration certificate on request
VF2062	Ring stand for viscosity cup
VF2068	Temperature Control Jacket for ISO and AFNOR Viscosity Cup, with tripod
VF2061	Tripod stand Type S40B, stainless steel ring including Spirit level
DI0076	Stopwatch Type C510 digital
VF2053	Viscosity Conversion Disc
